

FROST DELAY PROCEDURE

Due to restrictions still being in place for COVID-19, only 15 people are allowed in the clubhouse at one time. Therefore, when a course is experiencing a frost delay, golfers will be asked to wait in their vehicle until notified by staff that they are able to check-in for their tee time.

1. When a golfer arrives at the course, they will be made aware there is a frost delay.
2. Golfer will be asked to verify their phone number on their customer account.
3. Then golfer will be asked to wait in their vehicle.
4. Staff will call the golfer when they are able to check-in for their tee time.
5. Golfers will be called in order of tee times on the tee sheet, no exceptions.

Thank you for your understanding.
