### Pace of play

Play **Ready Golf** – when there's an opening to hit, don't wait

Spend a minimum amount of time hunting for your ball.

Hit your ball first, then help others search for lost balls

Hit a provisional ball as needed

If a ball is lost or O.B. & a provisional has not been played drop a ball as near as possible to where it was lost or went O.B. &

**add two (2) strokes** (stroke & distance). This will help to speed play. This does NOT apply to the club championship!

Let faster groups play through

Keep pace with the group **in front** of you

Guests are welcome, but are not eligible for prizes except during scheduled Member/Guest Events
